gnome-shell.log (/tmp) - gedit

File Edit View Search Tools Documents Help

gnome-shell.log x

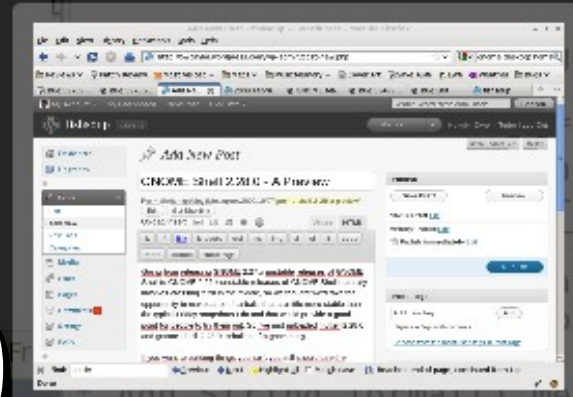

* Major rework of Alt-Tab dialog to be based on applications rather than windows. This aligns Alt-Tab better with application display and selection in the Overview.

Primary selection is by applications, when on an application you see thumbnails of the windows for that app and select them with arrow keys or the mouse. (Mouse is also enabled for selecting applications.)

[Dan, ...]

* Import parts of the Nautilus library as Shell Toolkit among new capabilities this Firefox Web Browser Terminal Evolution Mail and layout and scrolling.

[Colin, Owen]

2010

Add STRING_FORMAT() method for PRINT() style strings. This will

Plain Text Tab Width: 8 Ln 11, Col 1
